

Sweetwater Union High School District's Update on Negotiations

Volume I, Issue 1

Negotiations with California School Employee Association (CSEA)

May 11, 2016

The District bargaining team met to bargain with CSEA and all three chapters for the first bargaining session for the successor term. The District's team included representatives including Human Resources, Finance, Labor Relations, Professional Growth and Systems Innovations, Special Services, a Principal, and Labor Relations. CSEA's team is also comprised of a diverse cross section of our classified staff. Both parties discussed their initial proposals, which were previously sunshined at Board meetings, and began discussing possible areas where proposals could collaboratively be developed in future sessions. The existing agreement expires on June 30, 2016. **Next Session:** Negotiations will resume on May 19, 2016.
